## Terms and Conditions

### **Delivery Information**

*The vast majority of orders received by WEL Medical are dispatched within 72 hours. Despite some stock fluctuations we endeavour to dispatch all orders within 14 days. In exceptional circumstances where stock is not available within that period a member of staff will contact you.*

Delivery will be made to the address specified by you on the completed order form. Once goods have been delivered to you they will be held at your risk and we will not be liable for their loss or destruction.

Please note that it may not be possible to deliver to some locations. All deliveries are by third party carriers. If you are not able to take delivery of the products, depending on the carrier used, your goods will either be stored at the depot nearest to your address until you can collect them or the carrier will attempt to redeliver the goods to your address.

If you order items with different availability dates, we will hold all the items until the last item is delivered. You may however choose to have each item delivered separately and we reserve the right to charge you a delivery charge each time.

Before returning any goods for any reason, a valid returns authorisation number must be obtained from WEL Medical Ltd. This enables us to keep track of your return and ensure that it is both valid and can be processed correctly. A returns authorisation can be obtained either by telephoning 01252 344007 or by email to [orders@welmedical.com](mailto:orders@welmedical.com)

You may return any product for a full refund within 7 (seven) working days of delivery providing that it is in perfect resalable condition. Your refund will include the full value of the order including the cost of carriage from us to you. You will be liable for the cost of returning the goods to us and for ensuring that the goods are adequately insured during the return journey. We will be happy to arrange for a carrier to visit your home/premises and collect any returns but will pass the cost of this onto you. In the case of larger items this can be costly (e.g. £20.00-£25.00). In some cases where we need you to return the goods directly to one of our suppliers we may be charged a handling fee which we will pass on to you. Typical charges are 15% to 20%.

By resalable condition we mean the product has to be unused and in its original packaging. We will not accept returns for example if a product's box has been torn or damaged. Generally we will not accept returns of body worn items for hygiene reasons (unless faulty) however some body worn items are supplied with tamper proof seals or in heat sealed bags. We will accept returns of these items however we will not accept returns of these products if the bag has been opened or if the seal is broken.

Should any item be delivered in an unsatisfactory condition or should there be any shortages, please notify us within 2 (two) working days and we will rectify the situation.

Any product which is not fit for the purpose intended due to a manufacturers defect will be replaced or you will be offered a refund. We will cover the cost of the goods being returned from you to us in this instance. **This is only applicable within the United Kingdom and Republic of Ireland (EIRE).** For any further information on returns please contact us on (01252) 344007 or email [enquiries@welmedical.com](mailto:enquiries@welmedical.com).
